Go For It

Guideline Time	Half day	
Ability Range	All Abilities	All Ages
Group size	10-100 persons	Teams of 4-6
Guideline Costs	£50	ex vat
Great for	Inclusive fun, light hearted competition, laughs	
Themes	Communication for coordination, strategic planning, direction over democracy	

This is good for those who want to be competitive!

The day starts with splitting the group into teams (or you can organise this beforehand if you had specific objectives).

Within each team you must decide how to delegate to complete as many mini challenges as possible.

There are some more sedate mind bending challenges and some more active orienteering style challenges for the more energetic. All points go towards the team total.

The teams then come together to complete as many team challenges as possible, these can include some archery and initiative challenges.

Points accumulated go towards the final head-to-head challenge which could be raft building (full day) or a dryer challenge such as a race to construct a device to raise a flag or protect an egg pilot from being obliterated in a bottle rocket launch.
